# GO Biological Process

-log10(Binomial p value)

| Term | -log10(Binomial p value) |
|------|--------------------------|
| acute-phase response | 43.95 |
| sterol biosynthetic process | 40.92 |
| bile acid metabolic process | 37.82 |
| bile acid and bile salt transport | 34.42 |
| androgen metabolic process | 33.08 |
| positive regulation of lipid catabolic process | 27.39 |
| positive regulation of toll-like receptor signaling pathway | 24.99 |
| fibrinolysis | 19.94 |
| regulation of interleukin-6 biosynthetic process | 10.18 |
